

C: Specifications 3.0 & Academy concept

- ▶ Active House Academy concept - how to train and educate verifiers and build up basics of Active House principles in the market place? / Amdi Worm & Alexander Kucheravy
- ▶ Active House Specifications 3.0 update - the specifications 2.0 were issued in 2013, and many good inputs and additions are in discussion, a few are:
 - ▶ how to benchmark nationally, how to incorporate the building regulations level?
 - ▶ what about the category 4, can any building become an Active House?
 - ▶ How can we incorporate acoustics as part of the comfort radar?
- ▶ Kurt Emil Eriksen, Amdi Worm, Bas Hasselaar, Alexander Kucheravy & Carsten Rode

- ▶ Workshop lead: Amdi Worm
