Join the Active House Award!

The Active House Alliance invites professional house builders, developers, architects, designers and students who have developed, or have in mind, a sustainable buildings project to submit an application for the Active House Label Awards. The project will be evaluated based on the Active House vision and the 'Winner' and 'Best in class' projects will be awarded with an Active House label. Read more [here](#).

Lecturer, Sydney
University

ACTIVE HOUSE 2019 ARCHITECTURAL AWARD SUBMISSIONS

The Active House Alliance is an international non-profit association. The ambition for the Alliance is to create a viable, independent and international influential alliance, which supports the vision of buildings that create healthier and more comfortable lives for their residents without impacting negatively on the climate and environment – thus moving us towards a cleaner, healthier and safer world.

Our wish that Active House becomes the future principal for new buildings and renovation.

Healthy Buildings for People & The Planet.
